**GRANDMA'S RADIO**  
Florence Russell Butler in the Boston Transcript.

Used to see my Grandma.  
The newer crowd about the radio,  
And I would jump and run,  
Sometimes I'd chase the kitty,  
Just to see how fast she'd go,  
But that was all behind the days  
Of Grandma's radio.  
My Grandma's cookie jar,  
Was filled up to the brim,  
But now she hasn't time to bake  
Since she's been listening in.  
And all I hear is "Hush, hush, hush,  
Don't bother people now."  
Can't have a bit of fun, since  
Grandma  
Got that radio.

Once I said to Grandma,  
"Say what's a hearin' now?"  
"Hush, hush," she said, "It's re-  
spected."  
They tell me she just how  
To take a peek, and then she wrote it  
In a little book;  
Can't see it's done me any good,  
"Cause she said not to peek.  
My Grandma always listens,  
No matter what she hears,  
And sometimes she is full on smiles  
And sometimes full of tears;  
One day she listened fast asleep;  
I know, 'cause I heard snoring;  
When she waked up, she said, "Oh,  
phew!"  
I've missed the football scores."

So visit in Grandma's  
Any what it used to be,  
There you put the kitty now  
When she can't play with me,  
And all that I'm allowed to do  
Is sit and wonder how  
Gee! there's no more fun at Grand-  
ma's  
Since she got that radio.

CANCER  
Each of the various tissues of the body is made up of its own special type of cell, all coming from one parent cell. Under normal conditions, these cells increase in number by dividing; they grow, they mature and they die. In some manner, however, they do not understand this growth of the cells is regulated and controlled.

When this control is lost or when it becomes disorganized, it is apparent then that growth occurs by dividing; they grow, they mature and they die. In some manner, however, they do not understand this growth of the cells is regulated and controlled.

Many theories have been advanced to explain the occurrence of cancer, which is another way of saying that there is no theory which is satisfactory or which is generally accepted. The disease is not hereditary. In any disease which is as common as cancer, several causes may occur.

**THE FIVE CENT DOSTS**

Premier Dost's five cents per bushel bonus, which was meant to relieve the financial stress of the prairie farmer, is now the object of much criticism.

The bonus is all right except for one thing—it doesn't help the farmer who is in the greatest need of help. It is all right except for one thing—it doesn't help the farmer who is in the greatest need of help.

At the first sitting the medium tells the details of a murder as it is occurring. Later that night Sperry says to a neighbor, "The man has been shot mysteriously. With Johnson he was on the walls red-  
dressed and they had confirmation of the assassin's account. Mrs. Wells tells them her husband shot himself in a fit of depression.

Sperry and Johnson and a blood-stained sponge behind the bath-tub. They search for a bullet hole in the ceiling, but give up the search when the French maid arrives. She admits she was out when the tragedy occurred.

## How Does Your Car? Act This Cold Weather

If it is hard to start, needs a lot of coaxing, it should be checked over and the defects in the starting, ignition, and carburetion systems corrected.

As experienced motor mechanics and electricians, we can make a wonderful improvement in cars that give trouble in cold weather.

**Pool Elevator Statistics**  
Alberta Pool Elevators had net operating earnings in the 1930-31 season of \$1,459,529.30, and after providing for interest at 5 per cent, on the total capital invested, amounting to \$568,247.39 as well as full depreciation on all elevator property, totalling \$406,732.46, had net earnings for the season, of \$414,485.97.  
During the 1930-31 crop year the Alberta Wheat Pool handled 29,964,485 bushels of wheat of which 22,382,564 bushels or 84 per cent were delivered to Alberta Pool elevators.

**Canadian Statistics of Interest**  
Agriculture, capital investment, \$9,251,000,000, number engaged in industry, 1,150,000 persons; Railways, Transportation, capital \$2,550,000,000 and 206,000 persons; Manufacturing capital \$1,185,000,000, 556,000 persons; Forest products, capital \$2,715,000,000, 192,000 persons; products of electricity, \$1,027,000,000, 10,000 persons; mining, capital \$926,000,000 with 86,000 persons engaged in the industry.

**Census Returns for the Prairie**  
The June census showed the population of the prairie provinces as follows:

	1921	1921
Manitoba	899,541	816,118
Sask.	321,261	297,519
Alberta	227,491	258,456

Total 1,448,293

**Profit System Must Go**  
Dr. Leferson, economist, says wages have been cut \$20,000,000,000 since the depression but that dividends and interest payments have mounted steadily. In 1931 total interest payments will reach \$2,600,000,000 against \$2,700,000,000 in 1929 and \$2,800,000,000 in 1928. For the first seven months of 1931 dividends totalled \$2,400,000,000 and for the same months of 1929, \$2,100,000,000. These are only some of the mass of figures that fall from total of which is vast and shameful inequality for the greater part of society in the presence of abundance. Its fountain head is the profit system.

**Harvesting Loans in Argentine**  
The Argentine's government bank is granting special loans to farmers for harvesting the present grain crop. From 37 cents to 92 cents an acre is loanable at 4 and a half per cent interest. The total is in no

case to exceed \$115 an acre. The loans are repayable before March 1, 1932.

**U. S. Wheat Pool Purchases**  
The U. S. Grain Stabilization Corporation bought 239,041,062 bushels of wheat at a cost of \$270,304,023 during the past two months in order to stabilize prices. On November 1 it had on hand 189,694,187 bushels of wheat. The average cost per bushel to the corporation was 397 cents.

**Russian Pool Sowing and Collection**  
Up to November 1 Russian fall grain sowing totalled \$9,558,000 acres. This is 11 per cent below last year's seedings. A big effort has been made to catch up with seedings but it is generally recognized that after October 10 seedings are considered late.

**Procurements of grain in Russia** are lacking, being only 68 per cent of the plan for October and 41.7 of the plan during the July-September period. This is partially attributed to the fact that collective farms which were expected to furnish the bulk of the grain this year are tending to withhold their surplus grain by making exaggerated estimates of the amount of grain necessary to be kept in reserve. Punitive action against these farms is threatened.

**Reducing Diets Need Careful Planning**

Consult a doctor if you are very much overweight, and do not try any questionable remedies. For the person who has a tendency towards being overweight a little attention to the diet is advised.

The amount of food eaten should be lessened but care should be taken to see that the body is supplied with sufficient protein, mineral matter and vitamins. At the same time food should be eaten that will keep the person from feeling hungry.

Fewer fat foods should be used. Avoid whipped cream, oily oil, bacon, etc., and use butter very sparingly. Smaller amounts of starches and sugars should be used. The distress of hunger is best avoided by using bulky foods.

But fruits, particularly apples, supply the body with vitamins and mineral matter. At the same time they satisfy the hunger without increasing the calorie intake too much. Tomatoes and leafy vegetables such as spinach, lettuce and cabbage are also recommended.

Clear meat soups rather than cream soups should be used. These are low in food value but satisfying. Potatoes are preferable to bread in reducing diets. Brown bread is much better than white bread because the bran supplies the bulk.

Exercise as well as diet must be considered. The exercise should be mild and long continued rather than violent. Walking is one of the best forms of exercise for the overweight person.

Salads are low in calorie count. They are particularly recommended for reducing diets. They help regulate the appetite and supply mineral matter and vitamins. Avoid oil dressings. The salad recipe and the dressing recipe given below are popular with anyone but are particularly suited for overweight people.

**Salad Dressing**  
One-half teaspoon salt, 1 teaspoon mustard, 1/2 cup Cayenne, 1 tablespoon sugar, 1/2 cup vinegar, one-half cup oil, water, one-quarter cup vinegar, 1 egg, 1 tablespoon butter. Mix the dry ingredients together. Add water and vinegar. Cook, stirring constantly, until the mixture is steaming. Pour slowly over the beaten egg yolk. Cook over low heat, stirring until the mixture is smooth and thick. Add the butter and cook one minute longer. Cool and fold in the stiffly beaten egg white.

**Reducing Salad**  
Shred cabbage very fine. Add dressing. Add apples which have been cut in small pieces. Mix the apples with the dressing and cabbage as quickly as possible to prevent discoloration. Dressing with raw carrot which has been grated. Do you find it difficult to make salads in the winter time when the supply of fresh vegetables is low? Apples are available and they form the basis of many tasty salads. Have you ever tried making a moulded vegetable salad? This makes a nice change. This recipe is included in a booklet of thirty salad recipes. I am pleased to send this booklet to you on request. Use the coupon at the bottom of this article.

Dear Alice Stevens,  
Vernon, British Columbia:  
Please send me the salad recipes mentioned in this article.

**Household Hints**  
Light colored walls in the kitchen reflect the light and make a cheerful workroom.  
Baked apples may be stuffed with some left over cereal, such as oatmeal.

Vitamin A increases resistance to colds. It is found in fat foods such as butter and yellow foods such as carrots.

Foods which are attractive in appearance are more easily digested.

**Good Towel Hint**  
If the every-day towels are folded after rinsing in the first water, and before running through the wringer, then dried, they will be smooth enough without ironing.

**Burnt Pots**  
Burnt saucepans and sometimes filled with soda and water in order to remove the burnt portions. This method, however, is liable to make them burn easily when they are used again.

**Gave Him the Works**  
Mandarin: "Witness says you neither showed down nor tried to avoid the sedition."  
Motiator: "I took all precautions. I blew my horn and cured him."

To freshen a stale loaf, wrap it in a damp cloth for a minute. Remove the cloth, and put the loaf in a hot oven for a half an hour.

If vinegar is boiled in a kettle that has become badly furled, the deposit will soften and break away from the sides and bottom.

Two ounces of fuller's earth boiled in half a pint of vinegar and the juice of one onion is splendid for removing grease marks from linen.

Mix a little ammonia with the beeswax and turpentine used for floor polishing. The wax will then dissolve quickly.

To freshen stale vegetables, soak for an hour in cold water to which the juice of a lemon has been added.

Chamois leather should be washed in warm water in which a pinch of baking soda has been dissolved. In this way the leather's softness, which often is lost in the process of washing, is retained.

Starched linen should always be soaked in cold water so that the old starch is softened and removed in the washing; otherwise there is a tendency for it to turn yellow.

## THE PICTURES

Janet Gaynor and Charles Farrell are reunited in the best talking picture roles of their careers in "The Man Who Came Back," showing at the Orpheum Theatre Thursday, Friday, and Saturday of this week, Dec. 3, 4, and 5.

Both young stars rise to heights of historic endeavor, giving their greatest performance in other pictures. While "The Man Who Came Back" is an entirely different sort of picture, it gives both Janet Gaynor and Farrell even greater opportunity to reveal their full dramatic acting.

The story, a modernized version of the famous stage play by John Robert Goodman and John Fleming Wilson, is a powerful one of regeneration. Briefly, it tells of the rule of the only son of one of New York's richest men, through having too much money to spend and little moral stability.

When he is forced out into the world on his own resources, he rapidly goes down hill until he lands in the lowest den in Shanghai. There he meets a little cabaret singer. A tiny spark of love is kindled

into flame, and together they fight their way back to the sunlight.

Miss Gaynor gives an inspired characterization of the cabaret singer whose love, faith and courage bring about the regeneration of Farrell, who plays the role of the well-to-do millionaire.

"Song of the Flame" comes to Hassan Monday, Tuesday, and Wednesday of next week, Dec. 7, 8, and 9. The picture is an opera, based on the stage success of Oscar Hammerstein II and Otto Harbach. It is one of all technicalities. The story is laid in Russia, during the overthrow of the czar, scenes in the cautions of royalty and in the streets of Petrograd and Russian villages take on a new splendor through the technical photography. Many splendid songs are sung, including "Song of the Flame." Bernice Claire and Alexander Gray are the star singing team, with Noah Beery, the villain, singing deep bass.

Ronald Colman is coming in "Katie" Thursday, Friday, and Saturday next week, Dec. 10, 11, 12. This is a great love and mystery drama.

Mrs. H. Phipps is a patient in the Hassan Hospital. She underwent an operation for appendicitis on Thursday.

Mr. and Mrs. John Long, of Majorville, are both in the Hassan Hospital.

Bert, J. N. Cawsey left early in the week on a vacation to Seattle, Edmonton, and other points in the north. Coastwise Oliver is in charge of the A. P. F. detachment here during the absence of Bert, Cawsey.

## BIRTHS

The following births were recently recorded at the Hassan Hospital:

Congratulations to Mr. and Mrs. Wm. Wehde on the birth of a daughter.

Mrs. C. P. Norton motored down from Majorville Wednesday to attend the W. I. meeting.

Mr. and Mrs. Wilson motored to Hassan on Wednesday.

Mr. and Mrs. R. Norton were Brooks visitors Saturday last.

There will be a dance held in the D. S. Hall next Wednesday evening December 9.

## W. I. News

The regular meeting of the Rosemary W. I. was held on Wednesday, Dec. 2, at the home of Miss C. Nym, with 35 members present.

It was decided to take up resolutions to aid the Red Cross, and the following are the committee in charge: route 1, Mrs. Park and Mrs. Mercer; route 2, Mrs. Norton and Mrs. Gellings; route 3, Mrs. Adams and Mrs. Jones; route 4, Mrs. Schmidt and Mrs. Hall.

The following officers were elected for the year 1932: pres., Mrs. Park; 1st vice pres. Mrs. Gellings; 2nd vice pres. Mrs. Jones; sec. treas. Mrs. Mercer; three directors, Mrs. Norton, Mrs. Schmidt, and Mrs. Hall; auditors, Mrs. Ankrum and Mrs. Stahl; constituency representative, Mrs. Eaton. Standing committees: child welfare, Mrs. Eastman; education, Mrs. Jones; legislation, Mrs. Mercer; household, Mrs. Young; cannibalization, Mrs. Adams; agriculture, Mrs. Eaton; League of Nations, Mrs. Hall; publicly convened, Mrs. Norton; program of meetings committee, Mrs. Melville, Mrs. Eaton, and Mrs. Adams.

After the election current events were read by Mrs. Eastman. A financial report was read by the retiring secretary treasurer, Mrs. Norton, showing a balance of \$102.04 on hand. Mrs. Park gave a note of thanks to the retiring officers.

The meeting adjourned, and lunch was served. The next meeting will be held at the home of Mrs. Melson on January 7.

## Rosary and Dance

The rosary and dance of the Rosemary W. I. was held on Nov. 27, at the home of Mrs. Norton. The evening was when the raffish took place. The pair of socks donated by Mrs. Gellings and Mrs. Hall was won by Mr. Starcher. The pair of pants donated by Lois Ankrum were also won by Mr. Starcher. Mrs. Melson made the cake which was won by Jack Schmidt, and Mrs. Melson won the basket. Lunch, sewing, and embroidery work, puzzles, popcorn, and balloons were sold, and the amount of \$92.35 was taken in. A large crowd attended the affair, and a good time was reported.

Separate cameras on different stages filmed at one time both sides of a telephone conversation between Paul Lane and John Jones. Paramount's "The Beloved Bachelor."
